

European Summit on Innovation for Active & Healthy Ageing

Brussels, 9-10 March 2015

Monday, 09.03.2015 to Tuesday, 10.03.2015

Location:

Brussels, Belgium

Host:

European Commission

This two day high-level summit and exhibition, organised by the European Commission, aims to engage Europe's leaders to co-create a shared vision on how Europe can address the challenges and seize the opportunities arising from demographic change through ICT and innovation.

Central topic: how can technology, innovation and new ways of cooperation help Europe to turn this major challenge into an opportunity? Several European Commissioners, national ministers, regional authorities and leaders from industry, including SMEs and startups as well as civil society, will take the floor and lead the debates.

Program (workshops) and registration are available on
